

At a late meeting held at Croydon, England, for the organization of a microscopic society, a reverend gentleman named Reade illustrated the advantage to agriculture of microscopic examinations of the soil by stating that, with the aid of that instrument, "he had been enabled to grow Swedish turnips reaching thirty-eight inches in diameter, one of which he scooped out, and after inserting in the cavity a hare, a pheasant, and a brace of partridges, and replacing the top, he sent the turnip to an agricultural friend." In America, such a turnip would be called "some pumpkins." A still larger "fish story," however, was told by Mr. Buckland, who stated that, through the advances made in pisciculture by the microscope, oysters might be developed to a greater size than Mr. Reade's turnips, and capable of holding another brace of pheasants in addition to the other game mentioned by that gentleman. To place a gourmand in face of half-a-dozen natives like these "on the half-shell," might raise a doubt whether the man would swallow the oysters or the oysters the man.

THE COMPOSITE CHARACTER OF OUR POPULATION ILLUSTRATED.—The New York World says:
It gives an idea of the composite population of some of the States of the West to note that the late adjourned sovereign convention of Illinois directed the Constitution framed by it and the address (to accompany it) to the people to be printed in four different languages—30,000 copies to be in English, 15,000 in German, 5,000 in Scandinavian, and 5,000 in French. The reader will perceive from this estimate of the population that the descendants of that great Northern stock which originated constitutional liberty make up ten-elevenths of the citizens of Illinois. The reflection is commended to such as believe that the vast foreign admixture in the States makes the old Saxon ideas of liberty less appreciated, and presages a change from republican to imperial forms—from the free polity of the ancient Norse to the glittering but slavish solidarity of Rome.

Dr. A. L. SCOVILL is the inventor of several medical preparations which have become very popular, and have been liberally used. Among his inventions are "HALL'S BALM FOR THE LUNGS" and "LIVERWORT AND TAIL." For the past six years a better Lung remedy has been offered to the public. Read the following letter from Dr. Scovill, referring to it:
Messrs. J. N. Harris & Co.—GENTS: I make the following statement from a perfect conviction and knowledge of the benefits of ALLEN'S LUNG BALM in curing the most deep-seated Pulmonary Consumption. I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs, and all the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption. It causes the phlegm and matter (to wit, without irritating those delicate organs, the Lungs,) and without producing constipation of the bowels. It also gives strength to the system, stops the night-sweats, and changes all the morbid secretions to a healthy state. Yours respectfully, A. L. SCOVILL.

KOSKOO!

The Great Reputation
Which KOSKOO has attained in all parts of the country,

As a Great and Good Medicine,

And the large numbers of testimonials which are constantly being received from Physicians, and persons who have been cured by its use, is conclusive proof of its REMARKABLE VALUE.

AS A BLOOD PURIFIER

IT HAS NO EQUAL,
BEING, POSITIVELY,
The Most Powerful Vegetable Alternative Yet discovered.

DISEASES OF THE BLOOD.

"The life of the flesh is in the blood," is a Scriptural maxim that Science proves to be true. The blood is the life of the body, and the cause of many diseases, and, like many popular opinions, this of bad blood is founded in truth.
The symptoms of bad blood are usually quite plain. Bad digestion causes imperfect nutrition, and, consequently, the circulation is feeble, the soft tissues lose their tone and elasticity, and the tongue becomes pale, broad and frequently covered with a pasty white coat. This condition soon shows itself in roughness of the skin, then in eruptions and ulcerative diseases, and, when long continued, results in serious lesions of the Brain, Liver, Lungs or Urinary Apparatus. Much suffering is caused by impure blood. It is estimated that some one-fifth of the human family are affected with Scrofula in some form.
When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Gradually every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO!

AS A
LIVER INVIGORATOR!
Stands unrivalled,
Being the Only Known Medicine

That efficiently stimulates and corrects the hepatic secretions and functional derangements of the LIVER, without debilitating the system. While it acts freely upon the liver, instead of copious purging, it gradually changes the discharges to a perfectly natural state.

Symptoms of Liver Complaint and of some of those Diseases produced by it:
A yellow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dullness and heaviness, sometimes headache; bitter or bad taste in the mouth; internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a sick or full feeling about the stomach and sides; aggravating pains in the sides, back or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, &c.

KOSKOO!

Is a remedy of Wonderful Efficacy in the cure of diseases of the Liver and Gallbladder. In these Affections, it is as near a specific as any remedy can be. It does its work kindly, steadily, and surely. The Relief which it affords is both certain and perceptible.

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys, cannot estimate the importance of their healthy action. Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys remove from the blood those effluvia which, if permitted to remain, would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the Urine is voided in small quantities, the time, or when there is a disposition to urinate more frequently than natural, or when the Urine is high colored or scalding, with weakness in the back or loins, or should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder being imperceptibly secreted in the Kidneys, prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys except through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

Meets with great success in the cure of Diseases of Nervous System.

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, (mental and physical), are causing diseases of the nervous system to increase at a fearful ratio.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in Answering Questions; Dullness of Hearing; Twitching of the Face and Arms, &c., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, &c., &c.

HEINITSH'S QUEEN'S DELIGHT

As a Family Medicine,
It Stands, and Will Forever Stand

FIRST in the estimation of the people, because it has withstood the test of time, and of the Physician and a discriminating public, and whatever survives this trial must be established on a sure, firm foundation.

A KNOWN and recognized remedy among all people. Thousands attest its worth as a Medicine.

Heinitsh's Queen's Delight

Is a substitute for Calomel and Mercury. It acts by its vegetable principle as an alternative upon the Liver and Stomach, promoting the secretion of bile, and then directing it to its proper channel for the nutritive purposes of digestion. For Bilious Diseases, Bilious Colic, Bilious Fever, Typhoid Fever, Chills and Fever, in fact, all fevers, are prevented by using Queen's Delight.

It cures Liver Complaint, and all Hepatic Disorders, Dyspepsia, Stomach Complaints, Scrofula, King's Evil, Cancerous and Indolent Tumors, White Swellings, Mercurial and Syphilitic Sores, Old Sores, Swelled Legs, Boils, Carbuncles, Eruptions, Gout or Swelled Neck, Enlarged Joints, Rheumatism, Blisters, Erysipelas, St. Vitus's Dance, Dropsical Swellings, Salt Rheum, and all Skin diseases and Humors in the Blood, Inflammation of the Kidneys, Bladder, Pains in the Back and Sides, Asthma, Consumption, Bronchitis, and all diseases which may be traced to bad blood; and for very many diseases peculiar to females, such as Suppression, Irregularity, Whites, Sterility, Dropsy, &c.

SKIN DISEASES.
It has been prescribed in a great variety of Cutaneous Affections, and found successful in curing Salt Rheum, Tetter, Boils, Blisters, Pimples, Scald Head, Erysipelas, Morphea, Undecid Skin, &c., and for Diseases of and Discharges from the lining membranes of the Throat, Nose and Ear, and from the Kidneys and Urinary Passages, Leucorrhoea, &c.

INVIGORATOR OF THE LIVER.

As a Liver Invigorator it is of inestimable value. As a stimulant, it is safer and surer than all the rum and whiskey tonics of the day, and if you value your life and health a pint of this invigorating tonic will stimulate you to the grave, and use Queen's Delight.

FEMALLES.

Females of delicate constitution, suffering from weakness and depression of mind, in consequence of those complaints which nature imposes at the period of change, have a pleasant and sure remedy in the Queen's Delight.

DEBILITY.

There is no medicine equal to the Queen's Delight in cases of Debility. It imparts a tone and vigor to the whole system, strengthens the appetite, causes an enjoyment of food, enables the stomach to digest it, purifies the blood, gives a good, sound, healthy complexion, eradicates the yellow tinge from the eyes, imparts a bloom to the cheeks, and changes the patient from a short-breathed, emaciated, weak and nervous invalid to a full-faced, stout and vigorous person.

NERVOUS DEBILITY.

Generally accompanies Liver Complaint or Dyspepsia, and is, frequently produced by continuing constipation. The symptoms are, fluttering at the heart, a choking sensation, when in a lying posture, dots or webs before the sight, fever and dull pain in the head, constant imaginings of evil, and great depression of spirits.

Debility of the Nervous system should always be dreaded as of itself laying the body open to an attack of any epidemic.

HOW IT AFFECTS THE MIND.

Persons afflicted with this disease are generally annoyed by occurrences of moment, which would not, if in a state of health, give them any uneasiness. The Queen's Delight will soon relieve the unpleasant effects of this distressing affliction.

Be sure and ask for HEINITSH'S QUEEN'S DELIGHT, the new remedy, with new principles. No Sarsaparilla in it; that has been tried and found wanting. It is not a fermented and sour combination of herbs, but a Whiskey beverage, or Gin compound, to intoxicate; nor is it a Rum Bitters, to ruin your health and lead to a more fatal disease, drunkenness. But a health and life-giving Medicine, called simply "Heinitsh's Queen's Delight."

The great success, and the unparalleled popularity of this medicine bespeak for it the highest praise for the inventor. Prepared only by E. H. HEINITSH, Druggist.

And for sale by Druggists everywhere. April 30

CERTAIN PRESERVATION

OF THE
"SIGHT."

IT IS A FACT
THAT the celebrated perfected SPECTACLES and EYE GLASSES, manufactured by Lazarus & Morris, Hartford, Connecticut, strengthens and preserves the Eye, assists the Sight most brilliantly, and lasts a great many years without change.

"BAD BLOOD."

"THE LIFE IS THE BLOOD."

FROM it we derive our strength, beauty and mental capabilities. It is the centre of our being, around which revolves all that makes existence happy. When this source is corrupted, the painful effects are visible in many shapes, prominent among which is SCROFULA.

This is a taint or infection of the human organism, and probably no one is wholly free from it. It exhibits itself in various shapes, as Ulcers and Sores, Decayed Bones, Diseased Scalp, Sore Eyes, Weak and Diseased Joints, St. Vitus's Dance, Foul Discharges from the Nostrils, Eruptions, Glandular Swellings, Throat Affections, Ichthyosis, Heart Affections, Nervous Disorders, Barrenness, Disorders of the Womb, Dropsy, Syphilis, Affections, Liver Complaint, Salt Rheum, Dyspepsia, Neuralgia, Loss of Manhood and General Debility.

It has been the custom to treat these diseases with Mercury and other Mineral substances, which, though sometimes producing a cure, often prove injurious, and entail misery in after life. The long known injurious properties of these so-called alteratives and purifiers has led the philanthropic man of science to explore the arena of nature, the result of which has been the discovery of vegetable products which possess the power of eradicating these taints from the Blood.

DR. TUTT'S Compound Extract of

Sarsaparilla and Queen's Delight

Is the acknowledged antidote to all Blood Diseases. By its use the afflictions above enumerated can be permanently banished, and the Source—the Centre of Life—the Blood, be maintained in all its purity and vigor.

For Diseases produced by the use of Mercury, and for Syphilis, with its train of ailments, this compound is the only sure antidote.

To the poor creature, enfeebled in mind and body, by secret practices, whose nerves are unstrung, and countenance down-cast,

The Sarsaparilla

AND QUEEN'S DELIGHT

Is a blessing. Try it fairly, and your nerves will be restored to their wonted vigor, and your dejected countenance be made radiant with the consciousness of

RESTORED MANHOOD.

Being free from violent minerals, it is adapted to general use. The old and young may use it; the most delicate female at any time may use it; the tender infant, who may have inherited disease, will be cured by it.

For Purifying the Blood,

USE DR. TUTT'S Compound

EXTRACT OF SARSAPARILLA

AND QUEEN'S DELIGHT.

When used in the Spring, it removes all humors which infect the system, and banishes the languor and debility peculiar to that season of the year. It acts promptly on the

LIVER AND KIDNEYS.

Producing a healthy action of the important organs by which all the impurities of the system are carried off, and the result is
